Sub: Construction of godowns and office buildings by village co-operative agricultural credit societies/co-operative milk producers societies and other co-operative institutions – Preparation of plans and estimates – Instructions – Reg.

It has been brought to the notice of the undersigned that at present the co-operative institutions, particularly the village co-operative agricultural credit societies, co-operative milk producers' societies which go in for construction of godowns/office buildings, etc, prepare plans and estimates therefor by engaging private engineers. When the estimates are prepared and sent to Public Works Department for approval, the Public Works Department accords approval, if the rates are less than the prevailing market rates. In most of the cases, the rates indicated in the estimates are found to be on the lower side and are not workable at all. The specifications are also not uniform. While some societies adopt a proportion of 1:5, some other adopt a proportion of 1:6 for brick-work in cement mortar, for superstructure. There are several similar disparities in the estimates prepared by the private engineers.

At this juncture, the Pondicherry State Co-operative Housing Federation Ltd., which is an apex organization has come forward to undertake the preparation of plans and estimates for all co-operative institutions in the Union territory, on payment of nominal charges. The Federation is having qualified Engineers for the job and maintaining close liaison with the Public Works Department. The estimates prepared by the Federation will be based on the procedure adopted by the Public Works Department for construction of Government buildings. Similarly, the specifications mentioned in the estimates prepared by the Federation will also conform to the standard specifications indicated in "Delhi Schedule of Rates", which is adopted by the Public Works Department. The Federation is having a good number of trained engineers in various low cost technologies which can be used for saving time and cost of construction. Further, the Engineering Cell of the Federation is regularly trying to update its knowledge and skill in building technology.

Hence, it is hereby decided that in future, the preparation of plans and estimates for civil works by all the co-operative institutions in this Union territory should be entrusted only to the Pondicherry State Co-operative Housing Federation Limited, Pondicherry.

The rates prescribed by the Pondicherry State Co-operative Housing Federation for such technical services, are indicated in the annexure.

Housing

Further, as had already been decided earlier, all civil works upto Rs.5 lakhs may be awarded to the Pondicherry Co-operative Labour Contract Society Ltd., on nomination basis at the estimated rates, as prepared by the Pondicherry State Co-operative Housing Federation Ltd., within 30 days from the date of preparation of estimates. The Pondicherry Co-operative Labour Contract Society is prepared to execute such works without any further negotiation.

Ref: G.O.Ms.No.1/93/Hg., dated 7.1.1993.

It is informed that the High Level Committee which was constituted by the Government of Pondicherry under the Chairmanship of the Hon'ble Chief Minister to discuss the role of the housing co-operatives has decided to constitute a sub-committee to select the lands proposed to be purchased either by the Pondicherry State Co-operative Housing Federation or by the primary housing co-operative to avoid and difficulty vis-à-vis Urban Land Ceiling Act and/or Town & Country Planning Regulations and to ensure orderly expansion of residential areas. Accordingly the Government of Pondicherry has now constituted a sub-committee vide G.O. Ms. No.1/93/Hg., dated 7.1.1993 for the said purpose. Therefore, the co-operative housing societies functioning in this Union territory are advised to purchase lands only with the approval of the above sub-committee and hereafter take up such proposals to purchase lands for the purpose of providing housing facilities to their members with the Chairman of the Pondicherry State Co-operative Housing Federation, who is the member Secretary of the sub-committee, for further advice.

The above instruction should be scrupulously followed in future.

**PROCEEDINGS ISSUED UNDER SECTION 81(1) OF THE PONDICHERRY
CO-OPERATIVE SOCIETIES ACT, 1972**

Present: Thiru P. MATHEW SAMUEL,
Registrar of Co-operative Societies

Sub: Co-operative societies – Purchase of immovable properties – Directions -
Issued.

WHEREAS instances have been brought to the notice of the undersigned that some societies undertake purchase of immovable properties, without obtaining the permission of the undersigned;

WHEREAS Rule 50 of the Pondicherry Co-operative Societies Rules, 1973, presupposes that a society shall invest the whole or any portion of its funds in the purchase of lease or land or in the purchase, construction or remodeling of any building that may be necessary to conduct its business, only with the prior sanction of the undersigned;

AND WHEREAS the undersigned is satisfied that in order to secure proper management of the business of the society in general and from preventing the affairs of the society from being conducted in a manner detrimental to the interest of the members or of the depositors or creditors thereof, it is necessary to issue directions to all the co-operative societies, laying down the guidelines in the matter of purchase of immovable properties, construction or remodeling any building, that may be necessary to conduct the business of the society.

NOW, THEREFORE in exercise of the powers conferred on him under sub-section (1) of Section 81 of the Pondicherry Co-operative Societies Act, 1972, the undersigned hereby directs that:-

(i) Whenever the society interests to purchase land or building, the committee of management should ensure that the property is free from encumbrance and the seller has clear marketable title to the said property. Along with the resolution of the committee of management and legal opinion, the proposal should be sent to the undersigned, seeking permission. Whenever necessary, the clearance from the Deputy Collector (Land Acquisition) and Deputy Collector (Revenue) is to be obtained, to ensure that the land proposed to be purchased is not attracted by land acquisition or land ceiling legislations.

Housing

(ii) Where the society has proposed to remodel the existing building belonging to the society, a detailed estimate is to be prepared, the reasonableness is to be certified by the Pondicherry State Co-operative Housing Federation and then the proposal is to be sent for approval.

(iii) As regards purchase of land or building by way of sealed tender or auction, the committee of management should decide in the meeting the maximum possible price that the society would offer for the land and get the approval of the Registrar of Co-operative Societies for that price. At the end of tender or auction the price paid should be intimated. At no cost should the society go in for a higher price.

These directions shall not however, apply to such transactions and to such societies as provided in the first proviso of Rule 50 to which Rule 50 shall not apply.

The societies are strictly directed that these directions should be followed scrupulously and any deviation will warrant action, holding the concerned responsible for the mismanagement of the funds.

These directions should be read and recorded in the ensuing board meeting to keep the members of the board informed of the contents of these directions.

The President/Chief executive should keep the copy of the directions in safe custody and should handover to the successor in office.

The receipt of the directions should be acknowledged.

Issued.

It is brought to the notice of the undersigned that some of the primary co-operative housing societies are purchasing land without assessing the exact demand from their members and even without getting the approval of their general body. Once they receive the approval of the sub committee they feel that they can straight away purchase the land without getting the approval of the general body. Some societies appear to have gone to the extent of misguiding their members that sub committee's approval is also for the rates fixed by them. Some of the societies opine that only for availing loan from Pondicherry State Co-operative Housing Federation, sub committee's approval is required.

The matter has been considered in detail and the housing societies are informed that whenever they intend to purchase land for their members it should be got approved by the sub committee even if the society is about to purchase the land from its own funds.

The sub committee will select the land proposed to be purchased by the housing society so as to avoid any difficulty vis-à-vis Urban Land Ceiling Act and /or Town and Country Planning Regulations and to ensure orderly expansion of residential areas.

While submitting the proposal for land purchase to the sub committee, the society should ensure that the following documents/particulars are enclosed along with the proposal, so as study the proposal in detail:

1. Copy of the document
2. Consent letter from the land owner
3. Antecedent document
4. E.C for 30 years
5. Patta Copy
6. F.M.B copy
7. Location sketch
8. Government guideline value and the cost price of the land
9. Approval of the general body – Approval should be in non-ambiguous terms with the signature of members (The intending members should participate in the general body compulsorily and give their consent. The tentative plot cost including development cost should be informed to the members).

Housing

10. List of members who have paid 25% of the tentative price of the proposed plot cost.
11. Legal opinion.

The sub committee shall hereafter visit the proposed land and assess the suitability of the land for the purpose housing, apart from clearing it from legal angles, after scrutiny of the above documents.

The co-operative housing societies should follow the guidelines mentioned above without any deviation in submitting proposals for the clearance of the sub committee.

CIRCULAR

Sub: Co-operative Department – Placing of orders by Government
Institutions/Local Bodies/Co-operative Institutions for purchase
of building materials and Hollow Block Bricks from the
Pondicherry Co-operative Building Centre – Reg.

The Pondicherry Co-operative Building Centre functioning with its various branches at Ilango Nagar, Pondicherry was formed mainly to cater the requirement of the public through supply of all kinds of building materials such as Tata, Vizag, SAIL brands of ISI steels and tar steels, quality cements, paints, sanitary wares, PVC pipes, A.C sheets, ceramic tiles, weathering tiles, electrical goods, stoneware pipes, hardware items etc., The Pondicherry Co-operative Building Centre also manufactures/purchases in bulk, quality building materials required for construction of buildings and selling the same to the public and institutions at an affordable cost. Recently the Pondicherry Co-operative Building Centre has started a unit for manufacturing of a Hollow Block Bricks of various sizes based on the latest technology in order to reduce the cost of construction and selling at a reasonable rate.

The Pondicherry Co-operative Building Centre among the above activities is also lending centering sheets column boxes, spans, props, mixer machine and vibrators to the public at a nominal rent and providing 'Soil Stabilized Mud Blocks' cement products such as jollies of various designs and sizes.

All the Government department/Government undertaking/Local bodies/co-operative societies in Pondicherry are therefore requested to extend their support by placing orders for their requirements of all the building materials and utilize the service from the Pondicherry Co-operative Building Centre, Pondicherry.

Pondicherry, the 25.7.2005

CIRCULAR

Sub: Construction of godowns and office buildings by village co-operative agricultural credit societies and other co-operative institutions – Preparation of plans and estimates – Instructions - Reg.

Ref: Circular issued by the Registrar of Co-operative Societies No.5/6/2/35/RCS/F/90/80 dated 22.1.1991.

Of late, it is noticed that despite the strict instruction of this department issued in the reference cited some co-operative societies are still engaging private engineers for preparation of plan and estimate for construction of godowns / office buildings etc., which is not fair and economical and is time consuming.

Hence in the best interest of all co-operatives and with a view to avail the best service of the technical officers of Pondicherry State Co-operative Housing Federation Ltd., in a better way the following instructions are therefore, issued for strict adherence and compliance by the co-operative institutions in the matter of preparation of plans and estimates for construction of society's building in view of the following factors.

When the estimates are prepared and sent to Public Works Department for approval, the Public Works Department accords approval, even if the rates are less than the prevailing market rates. In most of the cases, the rates indicated in the estimates are found to be on the lower side and are not workable at all. The specifications are also not uniform. While some societies adopt a proportion of 1:5, some other adopt a proportion of 1:6 for brick-work in cement mortar, for superstructure. There are several similar disparities in the estimates prepared by the private engineers which can be eliminated.

At this juncture, it is reiterated that the Pondicherry State Co-operative Housing Federation Ltd., which is an apex organization well equipped with technical and trained personnel has come forward to undertake the preparation of plans and estimates for all co-operative institutions in the Union territory. The Federation is having qualified engineers for the job and maintaining close liaison with the Public Works Department and they are charging only a nominal rate for the preparation of plan and estimates. The estimates prepared by the Federation will be based on the procedure adopted by the Public Works Department for construction of Government buildings. Similarly, the specifications

Housing

mentioned in the estimates prepared by the Federation will also conform to the standard indicated in "Delhi Schedule of Rates", which is adopted by the Public Works Department. The Federation is having a good number of trained engineers in various low cost technologies which can be used for saving time and cost of construction. Further, the Engineering Cell of the Federation is regularly trying to update its knowledge and skill in building technology.

Hence, it is hereby decided that in future the preparation of plans and estimates for civil works by all co-operative institutions in this Union territory should be entrusted only to the Pondicherry State Co-operative Housing Federation Ltd., Pondicherry.

Further all civil works, minor repairing works of all co-operative societies may be awarded the Pondicherry Co-operative Labour Contract Society Ltd., for execution on nomination basis as following the usual procedures.

The above instructions should be scrupulously followed and any violation or any willful disobedience of any of the instructions will result in taking action against the management of society/institutions as well as liable to restore the loss sustained by the institution because of non adherence of the above instructions.

The instructions should be read in the ensuing board meeting and recorded in the resolution.

The receipt of the circular should be acknowledged.
